FEDERAL RULE 71.1(d) NOTICE OF CONDEMNATION ACTION

To: Peter A Morse Sr Trustee of the Appalachian Gas and Oil Trust who owns or may own an interest in the above-captioned Rover Tract No(s). situate in Doddridge County, West Virginia; and Any Heirs, Successors, and Assigns of the Defendants named in the above-captioned matter and Any Unknown Owners who may own an interest in one or or no blendamon owney many and the above captioned native and my observed where the above captioned Rover Tract No(s). situate in Doddridge County, West Virginia set forth in the Second Amended Verified Complaint for Condemnation of Easement(s) Known as Tract No(s). WV-DO-SHC-015.000-ROW, WV-DO-SHC-015.000-ATWS, and WV-DO-SHC-015.970-TAR-3 (the "Verified Complaint").

PLEASE TAKE NOTICE that on March 28, 2019, Rover Pipeline LLC ("Rover") filed the Verified Complaint in the above-captioned matter to condemn property in which you own or may own an interest. The above-captioned matter is an action by Rover, pursuant to Section 717f(h) of the Natural Gas Act, 15 U.S.C. § 717f(h), and the Certificate of Public Convenience and Necessity ("Certificate") issued by the Federal Energy Regulatory Commission ("FERC") to Rover, for an order of condemnation for permanent pipeline, temporary work space, additional temporary workspace, surface site, permanent and temporary road access, and/or other rights-of-way and easements (the "Easements"), as further described in the Verified Complaint, and identified, described, and depicted on Exhibit A thereto, and for other legal and equitable relief, including injunctive relief allowing Rover to enter and access the Additional Temporary Workspace Easement(s) commence and complete repairs of slips, while the amount of compensation for the taking of the Easements is resolved.

Pursuant to the Certificate of Public Convenience and Necessity, dated February 2, 2017, and the Delegated Order Approval of Variances, dated May 24, 2018, that FERC issued to Rover, Rover needs and is authorized to acquire the Easements which are situated on and/or traverse on, over, and under the above-captioned lands and which are more particularly described on Exhibit A to the Verified Complaint. The Easements in which you own or may own an interest are more particularly described on Exhibit A to the Verified Complaint, and are comprised of the following:

Permanent Pipeline Easement(s): Non-exclusive fifty foot (50')-wide permanent pipeline right(s)-of-way and easement(s) encompassing 3.35 acres, as identified, described, and depicted on Exhibit A to the Verified Complaint; Temporary Workspace Easement(s): Non-exclusive temporary workspace(s) and additional temporary workspace(s) en-compassing 6.68 acres, as identified, described, and depicted on Exhibit A to the Verified Complaint; Additional Temporary Workspace Easement(s): Non-exclusive additional temporary workspace(s) encompassing 1.63

acres, as identified, described, and depicted on Exhibit A to the Verified Complaint; and Temporary Road Access Easements(s): Non-exclusive temporary road access easement(s) encompassing 1.82 acres, as identified, described, and depicted on Exhibit A to the Verified Complaint.

Pursuant to the Natural Gas Act, 15 U.S.C. § 717, et seq., FERC has issued to Rover a Certificate of Public Convenience and Necessity authorizing Rover to construct and operate an interstate natural gas pipeline, known as the Rover Pipeline Project, which consists of approximately 713 miles of 24-inch and approximately 510.7 linear miles of pipeline assement and approximately 713 total miles of pipe therein), with four mainline compressor stations, six supply lateral compressor stations and other ancillary facilities (the Rever Pipeline Project"). Rover has the right of eminent domain under Section 717f(h) of the Natural Gas Act, 15 U.S.C. § 717f(h), because it has been unable to acquire the necessary Easements to construct, operate, and maintain the Rover Pipeline Project for the transportation of natural gas. The Easements Rover seeks to acquire will be used for the construction and operation of natural gas pipe-

lines and related appurtenances, known as the Rover Pipeline Project, and for the required restoration and remediation related to such construction. The route spans approximately 510.7 linear miles originating in Southeastern Ohio, Western West Virginia, and Southwestern Pennsylvania and continues north across the state of Ohio to an interconnection in Defiance, Ohio, in the Northwest. It will then cross into Michigan where it will terminate in Livingston County. On February 2, 2017, FERC concluded that the Rover Pipeline Project is necessary and convenient for the public use and issued a Certificate of Public Convenience and Necessity to Rover for the construction and operation of the Rover Pipeline Project.

YOU ARE FURTHER NOTTHEED that if you have any objection or defense to the taking, you must serve an answer on counsel for Rover within twenty-one (21) days after service of the notice on you. Your failure to serve an answer will constitute your consent to the taking and to the Court's authority to proceed with the action and fix the compensation

YOU ARE FURTHER NOTIFIED that if you do not file an answer, you may serve on Rover's attorney a notice of appearance, designating the Easement(s) in which you claim an interest, and thereafter, you shall receive notice of all proceedings affecting your interest(s)

YOU ARE FURTHER NOTIFIED that at the trial of the issue of just compensation, whether or not you have answered or served a notice of appearance, you may present evidence regarding the amount of compensation to be paid for the Easement(s) in which you have an interest and you may share in the distribution of the compensation award. FEDERAL RULE 71 1(d) NOTICE OF CONDEMNATION ACTION

Velma G. Osborne; Patricia A. Lewis; Kenneth P. Cottrill; Jeffrey W. Spencer; William Hinton; Allen O'Neal Brown: Anna May Brown: David Gene Smith: Nora L. Kell: Robert Shawn Schwertfeger: Amanda Stull: Rhonda L Smith; Nichole Johnston; Carlos L. Stockham; Ruth Monroe; Wilda E. Staats; and Leslie Ray Tennant, who own or may own an interest in the above-captioned Rover Tract No(s), situate in Doddridge County, West Virginia; and Any Heirs, Successors, and Assigns of the Defendants named in the above-captioned matter and Any Unknown Owners who may own an interest in one or more of the above-captioned Rover Tract No(s). situate in Doddridge County, West Virginia as set forth in the Second Amended Verified Complaint for Condemnation of Fasement(s) Known as Tract No(s) WV-DO-SHC-039.000-ROW, WV-DO-SHC-039.310-ROW, and WV-DO-SHC-039.310-ATWS (the "Verified Complaint"

PLEASE TAKE NOTICE that on March 29, 2019, Rover Pipeline LLC ("Rover") filed the Verified Complaint in the above-captioned matter to condemn property in which you own or may own an interest. The above-captioned matter is an action by Rover, pursuant to Section 717f(h) of the Natural Gas Act, 15 U.S.C. § 717f(h), and the Certificate of Public Convenience and Necessity ("Certificate") issued by the Federal Energy Regulatory Commission ("FERC") to Rover, for an order of condemnation for permanent pipeline, temporary work space, additional temporary workspace, surface site, permanent and temporary road access, and/or other rights-of-way and easements (the "Easements"), as further described in the Verified Complaint, and identified, described, and depicted on Exhibit A thereto, and for other legal and equitable relief, including injunctive relief allowing Rover to enter and access the Additional Temporary Workspace Easement(s) to commence and complete repairs of slips, while the amount of compensation for the taking of the Easements is resolved. Pursuant to the Certificate of Public Convenience and Necessity, dated February 2, 2017, and the Delegated

Order Approval of Variances, dated May 24, 2018, that FERC issued to Rover, Rover needs and is authorized to acquire the Easements which are situated on and/or traverse on, over, and under the above-captioned lands and which are more particularly described on Exhibit A to the Verified Complaint. The Easements in which you own or may own an interest are more particularly described on Exhibit A to the Verified Complaint, and are comprised of the following: Permanent Pipeline Easement(s): Non-exclusive fifty foot (50')-wide permanent pipeline right(s)-of-way

and easement(s) encompassing 2.26 acres, as identified, described, and depicted on Exhibit A to the Verified Complain Temporary Workspace Easement(s): Non-exclusive temporary workspace(s) and additional temporary workspace(s) en-compassing 3.84 acres, as identified, described, and depicted on Exhibit A to the Verified Complaint; and Additional Temporary Workspace Easement(s): Non-exclusive additional temporary workspace(s) encompassing 0.15 acres, as identified, described, and depicted on Exhibit A to the Verified Complaint.

Pursuant to the Natural Gas Act, 15 U.S.C. § 717, et seq., FERC has issued to Rover a Certificate of Public Convenience and Necessity authorizing Rover to construct and operate an interstate natural gas pipeline, Known as the Rover Pipeline Project, which consists of approximately 713 miles of 24-inch, 30-inch, 36-inch and 42-inch diameter natural gas pipelines (approximately 510.7 linear miles of pipeline easement and approximately 713 total miles of pipe therein), with four mainline compressor stations, six supply lateral compressor stations and other ancillary facilities (the "Rover Pipeline Project"). Rover has the right of eminent domain under Section 717f(h) of the Natural Gas Act, 15 U.S.C. because it has been unable to acquire the necessary Easements to construct, operate, and maintain the Rover 717f(h) Pipeline Project for the transportation of natural gas.

The Easements Rover seeks to acquire will be used for the construction and operation of natural gas pipe-lines and related appurtenances, known as the Rover Pipeline Project, and for the required restoration and remediation related to such construction. The route spans approximately 510.7 linear miles originating in Southeastern Ohio, Western West Virginia, and Southwestern Pennsylvania and continues north across the state of Ohio to an interconnection in Def-ance, Ohio, in the Northwester, It will then cross into Michigan where it will terminate in Livingston County. On February 2, 2017, FERC concluded that the Rover Pipeline Project is necessary and convenient for the public use and issued a Certificate of Public Convenience and Necessity to Rover for the construction and operation of the Rover Pipeline Project.

YOU ARE FURTHER NOTIFIED that if you have any objection or defense to the taking, you must serve an answer on counsel for Rover within twenty-one (21) days after service of the notice on you. Your failure to serve an answer will constitute your consent to the taking and to the Court's authority to proceed with the action and fix the compensation.

YOU ARE FURTHER NOTIFIED that if you do not file an answer, you may serve on Rover's attorney a notice of appearance, designating the Easement(s) in which you claim an interest, and thereafter, you shall receive notice of all proceedings affecting your interest(s)

YOU ARE FURTHER NOTIFIED that at the trial of the issue of just compensation, whether or not you have answered or served a notice of appearance, you may present evidence regarding the amount of compensation to be paid for the Easement(s) in which you have an interest and you may share in the distribution of the compensation award. By counsel for Plaintiff Rover Pipeline LLC: Lori A. Dawkins (WV Bar #6880), Steptoe & Johnson PLLC, lori.dawkins@steptoe-johnson.com, 400 White Oaks Boulevard, Bridgeport, West Virginia 26330, (303) 389-4300; William D.
